hppavilion	Rakesh Kumar	5	Fabulous!	<p>I am writing this review after using my laptop for 5 days.This laptop have beautiful design. On Normal usage battery last 4.5hr to 5hr. While gaming on ultra settings battery last for 1hr and Normal games like CSGO 1.5hr easily. There is mild heating on the</p>

					side of the laptop where numeric keypad are present. Overall this laptop have good thermal. I am very impressed with it. Sound and video quality is good. Fan noise is hardly audible. Buy this laptop if you want1. Laptop with good therma...
					This laptop has very baf battery backup, even if i use for common softwares like excel etc it will work only for two hours!! This is just first week of working, just imagine what ll happen after a year or twoPerformance is also not great some CAD files take too long to openPoor asthetics and plastic build looks too shabyOverall bad choice. I still repent buying this
hppavilion	Flipkart Customer	2		Not good	
hppavilion	Nidhi Newalkar	5		Great product	Go for it!Been using it for 5 days. Delivery on Time. Battery, Looks and design, quality, everything is perfect. Battery gets charged full in 2,3 hours. It's life is long enough as specified.(for normal uses, i.e no gaming) Haven't done

hppavilion	Flipkart Customer	5	Just wow!	<p>gaming yet. Screen is the best I've ever seen so far. Speaker's loudness is Good, which is enough to listen music or watch a movie alone. And about the looks it's better than these pictures. Looks so premium in real life. In love with it. edit1: Been months...</p>
hppavilion	Sagar Mali	5	Fabulous!	<p>After few weeks of use I am writing this review and I am glad that I purchased this one among the all...Well it's a gaming laptop but I have not yet played any games but I am a btech cse 1st year student...So I must say all of my programming different apps like autocad,python,Vs code all works smoothly...It has a very powerful graphic card which is a plus point...✿ The best thing is it reached my house in just 3 days which is amazing!!!! I think you should go for it...👍</p> <p>This laptop is so good at this price point. Specially design and performance. Battery is good for normal task and</p>

hppavilion	Agnishwar Khandait	5	Excellent Laptop From HP	<p>gaming it gives moderate backup. Still it supports fast charging and it's boot time is very fast. I would recommend this laptop instead of acer nitro</p> <p>I have been using this laptop for about 2 weeks.....From my personal experience this laptop is a damn beast.....super value for money.....Display is excellent better than the ASUS tuf ones.....Build quality is unbelivable(full matte black with purple backlit keybard and logo)...ultraviolet backlit keyboard looks damn awesome...speakers are by bang and olufsen which is damn good.....had no issues with the battery.....Thermals in this laptop is very good and better than most ot...</p> <p>Damn its Beast for this money...perfomance is top notch..And its a beauty and beast combo for the price. Its very good for gaming as well as other works</p>
hppavilion	James Jose	5	Classy product	

hppvilion	Aaradhya Nagar	5	Wonderful	<p>A very sleek design,and a wonderful display,and remember do not play games on battery,because gtx 1650 is a very powerful graphic card and it will drain 100% of the battery in 1 hr,for regular usage the battery backup is good</p> <p>I bought this laptop 2 weeks ago for 55k . Thank God I got a huge discount. I tested it completely by playing high end games and measuring temperatures and all things. I can say that it doesnot lag while playing. But the battery back up is so low and you cannot expect long battery in gaming laptops. Performance: Performance wise it is best . I played gta 5 it is giving fps around 50 to 60 and if we play for 3 hours then it starts heating Battery:Battery will completely drain in 4 hrs if u...</p>
